LIBERTY ENGINEERING SHIELD

Total Protection Across the
Engineering Risk Spectrum

Design. Build. Install.
Operate - with Confidence

Engineering activities expose businesses to high-value assets, complex technical operations, and unpredictable environmental conditions. Whether you are constructing major infrastructure, installing industrial plant, or operating sophisticated equipment, Liberty Assurance delivers integrated insurance solutions covering the full lifecycle of engineering risks.

Why Liberty Engineering Shield?

- ✓ A comprehensive engineering insurance portfolio
- ✓ Covers construction, installation & operational phases
- ✓ Tailored for Papua New Guinea conditions
- ✓ Meets contract and financier requirements
- ✓ Expert underwriting & risk advice
- ✓ Efficient local claims handling

Our Engineering Lines of Cover

- ▶ **Contractors' All Risks (CAR)** - Protects civil engineering and building projects while under construction. Typical coverage includes:
 - Contract works & materials on site
 - Temporary structures
 - Construction plant (optional)
 - Third-party injury or property damage

- ▶ **Erection All Risks (EAR)** - For mechanical and electrical installation projects during erection, testing, and commissioning. Covers:
 - Plant and machinery during installation
 - Testing & commissioning risks
 - Transit to site (optional)
 - Third-party liability

- ▶ **Contractors' Plant & Machinery (CPM)** - Insurance for mobile and stationary equipment used on site or between locations, including:
 - Excavators, cranes & loaders
 - Generators & compressors etc...

- ▶ **Machinery Breakdown (MB)** - Protects operational plant against sudden and unforeseen mechanical or electrical failure. Suitable for:
 - Power generation equipment
 - Heavy industrial machinery, DG Sets, Air-conditioning systems etc.

- ▶ **Electronic Equipment Insurance (EEI)** - Specialist cover for high-value and sensitive electronic systems like:
 - IT servers & data centres
 - Medical equipment
 - Control & automation equipment etc...

- ▶ **Advance Loss of Profits / Delay in Start-Up (ALOP / DSU)**
Provides financial protection where physical damage causes project delays. Covers:
 - Loss of profit
 - Standing charges & debt servicing
 - Increased cost of working

- Who Is This For?**
 - Contractors & subcontractors
 - Project owners & developers
 - Mining, oil & gas & energy operators
 - Hospitals & laboratories
 - Government infrastructure projects
 - Financial institutions
 - Etc....etc...

- NB:** Subject to Terms and Conditions. Please refer to the policy schedule and policy wording for full details.
